## Your President's Report

**G'Day fellow bowlers.**

Welcome to the first Newsletter for the new season.

Can I say how exciting it is to be at the helm of this great club and I take this opportunity to thank the members who have put themselves forward to help the club function with success this coming season.

To all members that have contributed up to this point in time, especially past committee and all other position holders, we as a club thank you for your past and continued support.
As per Murray's email, positions of club selectors need to be filled so if you would like to join Neil Stewart, Chairman of Selectors, positive responses would be great. Also on help, the ground and greens team are in need of a couple of extra members so please talk to Kevin or Rob if you can help.

As the board has appointed a new bar manager in Peter "sputty" Giersch I'm sure you will join me in congrats. Just as I'm sure as a club we thank Lorna for her tireless efforts behind the bar over the past years and of course this includes the other half of the Schiller team Des.

The redevelopment of theTanunda Park is meaning that we, as a club, are having to deal with issues that seem to be very changeable! However, with good grace and your understanding, we will get through. Thanks to the members that already have helped with emptying the shed and picking up pavers. It is true that many hands make light work.

I again take this opportunity to reiterate that the board and other members that volunteer, do so with only the best interest of the Tanunda Bowling Club members at heart and I know that they will have your respect and backing as we move and grow this club into its 100th year and beyond.

Remember to have fun, as fun leads to participation which in turn leads to success. Oh and also, '*the little ring goes on the inside!!*'

See you on the green.

**Richard.**

## *Around and at the Greens:*

A young man was busily polishing his pride and joy in his driveway.
A contented look of pride on his face at the nice clean vehicle before him.
After a refreshment break he went to bring the car into his garage.
To his dismay a bird had deposited a poop on the bonnet.

What should he do ???

The answer ? .... Pto please
