THE NEXT NEWSLETTER DEADLINE WILL BE NOVEMBER 30th

Your President's Monthly Report

G'Day fellow bowlers.

I pen this with 2 rounds completed and considering the injuries, work commitments and that virus the club has put together some good results, with wins and that other result we don't mention just like that Scottish play that theater people don't mention! However we are all striving to put our best bowls down every time we step on the mat and if we continue to do this and have fun, good results will come our way.

The club had a great Rump and Red day with good weather!! and organization thanks Jimmy, plus to all that put their hand up to help both at the bar and in the kitchen I on behalf of the members thank you. Some great comments.

The night bowls is off and running with 22 teams, how good is that and they did bowl in the drizzling rain so deserve a shout out for that. Thanks again to all the TBC members that help to make these nights run as well as they do.

On a bit of down note, we have a few members with pressing health issues, I don't need to say who they are but I'm sure that like me you wish them all a speedy and positive outcome so their faces will be seen once again around the club.

Not to finish on that, it is great to see some of you participating at other club tournaments which will aid in our home ones being well supported so thanks and continue as much as you can.
Well enough from me.
Look forward to seeing you all on the green.

Richard.

PS : I don't do alcohol anymore. I get the same effect just standing up fast! -- Anonymous

Medicare Part G

You are an older senior citizen and you can no longer take care of yourself and need Long Term Care, but the government says there is no Nursing Home care available for you, what do you do? You may opt for Medicare Part G.

The plan gives anyone 75 or older a gun (Part G for gun) and one bullet. You may then shoot one worthless politician. This means you will be sent to prison for the rest of your life where you will receive three meals a day, a roof over your head, central heating and air conditioning, cable TV, a library, and all the health care you need. Need new teeth? No problem. Need glasses? That's great. Need a hearing aid, new hip, knees, kidney, lungs, sex change, or heart? They are all covered! As an added bonus, your kids can come and visit you at least as often as theydo now! And, who is paying for all of this?

The same government that just told you they can't afford for you to go into a nursing home. And you will get rid of a useless politician while you are at it. And now, because you are a prisoner, you don't have to pay taxes.

Is this a great country or what?
Now that you have solved your senior Long-Term Care problem, enjoy the rest of the week!
